Richmond Mar 21st 1855

Dear Bro.

Your letter is in hand and would have been sooner attended to but for the prevalence of a religious interest among the Students which has prevented all meetings of a business character.

Your first inquiry is

What is your number of Students?

There are 136 Students now in attendance,

2 The No. of pious Students?

There are 52 professedly pious.

3. No. studying for the ministry?

19.

4 Religious influence &c?

We can only speak with regard to the Institution—A revival is now in progress and religious interest is evidently increasing throughout the College. The moral tone of the Institution and city is good.

Yours fraternally

J. W. M Cown
